Re: Unclaimed money owed to you held by an entity in Florida

Dear Mr Claimant:

This letter is to inform you that there is unclaimed money being held by an entity in Florida. Your money is not being held by the state of Florida and therefore cannot be found on Florida's Unclaimed Property Website <https://www.fltreasurehunt.org>

There are many entities that hold unclaimed money and are not required to turn them over to the state, such as unclaimed life insurance, bank accounts, child support, alimony, surplus from foreclosure sales, tax deed sales, FHA premiums overpaid, retirement benefits and much more. None of these have a requirement to turn over unclaimed money to the state, so they are held by the entity until you claim it. However, they also do not go searching for the people owed this unclaimed money and therefore, it is mostly unclaimed forever.

We found unclaimed money in your name. The record shows you are or were located at ### Mayapple Street in Winter Garden, Florida.

We can assist you in the process if you wish to continue forward. We have the details, forms and instructions needed for your claim to be processed quickly. You will need particular information about the case to fill in the forms properly.

- ✓ Account/Case #'s/Claim Details
- ✓ Claim Forms
- ✓ Instructions on how to fill out the forms
- ✓ Where to mail the forms

You do not pay a dime unless the claim is successful and you receive the unclaimed money. There is zero risk for you to obtain what is rightfully yours.

To proceed with our services, please call ###-###-#### for more details. You will need your Claim Number shown at the top of this letter

Sincerely,

John J Locator
